The advent of warmer weather, when it’s not been raining, has certainly brought out a number of cyclists - the young & old and the neophytes & experts. Even the Harrisonburg Police Department’s Bike Patrol has been seen riding their bikes. As a result, an ever increasing number of cyclists are sharing the road with motorists. This leads me to re-visit a familiar issue - bike safety (let me rephrase that - personal safety). We need to remember that most drivers have not had to deal with a large number of cyclists on the road since last October. In other words, WATCH OUT. I’m not going to turn this into a safety commentary, but please remember to wear your helmet, obey all traffic signals and signs, and follow the rules of the road.

Your club sponsored rides for the beginning of the season have been great. The rides have been chock full of fun, conversations, quality miles, laughter, and challenges. The "Marcia-lead" Wednesday rides, leaving from First Union’s parking lot, have seen an average of approximately 18 riders per ride. The bi-monthly Sunday Wannabe Rides, leaving from Bridgewater, have seen approximately 12 rides, with well over 20 cyclists showing for the first Wannabe ride of the Season. The two bike rides, on April 26, co-sponsored with the Valley Wellness Center were a great successes. A big thanks goes out to Marcia and David for leading the two rides, guiding approximately 20 total cyclists. After reading the last few sentences, I hope that you feel energized enough to make the time to join us on one of your club’s rides.

For me, I have been working on quality rides rather than quantity rides. The 1,300 miles that I’ve ridden so far have been at a harder pace than usual. To try something new, I’ve time-trailed for the first time. My ride was bittersweet. My time was 30:27, which I feel was slow, but at least I tried something new and challenging. I feel that I have no place to go but up. I had no idea that time trialing could be so tough.

The Ride Committee, headed by Bill, has established various rides for the month of June (see enclosed ride schedule). The 7th Annual Shenandoah Valley Bike Festival dates are set for July 24, 25, and 26. The festival will be held on the campus of Bridgewater College. Please contact Marcia if you would like to become a ride leader or volunteer.

The next regular monthly meeting (June 8) will be held at Luigi’s located at South High Street, Harrisonburg. There will be a pre-meeting ride, beginning at 6:00pm. with an official meeting beginning at 7:30pm. The meeting will be short.....I promise; whereas, the feasting will be long............I’m sure.

Until next time, keep those pedals spinning.

Knicely

UPCOMING MEETINGS

June 8
6:00pm Pre-meeting ride starting at Luigi’s.
7:30pm Monthly meeting at Luigi’s.
MAY MEETING MINUTES

The monthly meeting began at Luigi’s at 6:00pm with one pre-meeting rider. Yet, due to the rain, that cyclist enjoyed a leisurely 0-mile bike ride. By the time that I concluded my 0-mile, I had built up a hearty appetite. The size of the gathering increased to......one at Luigi’s at 7:30. Being the only one at the meeting, and knowing the meeting information to be covered, I closed the meet at 7:40.

Mark’s Bike Shop, Blue Ridge CycleWorks, and Mole Hill Bikes all contribute to the cost of the monthly newsletters. Please support these local shops. (Also underwritten by R.R. Donnelley & Sons Company)

WELCOME NEW MEMBERS

Rick Villiard

WELCOME BACK RETURNING MEMBERS

Dan Funkhouser

GEAR SOUTH 1998

Johnson City, Tennessee was the site of this year’s GEAR South, organized by the League of American Bicyclists. It was a very good event. Imagine roads better than ours, better weather over the Memorial Day holiday, ample (all you can eat) food, entertainment, and at a great price to boot!

I did a 20-mile ride on Friday to stretch the legs after the five-hour car drive. The views of the mountains were gorgeous. Saturday’s century had its share of dogs to keep me on my toes. And the local club likes to back load their century - you start with some light hills, go to flat, move into the foothills, and come to mile 90 with a 2.5-mile mountain climb!

Along with the dogs, I say a peacock in the middle of the ride! What’s with that?

Sunday’s 60-mile ride to some of the TVA dams had more great views. The mist on the lake was ghostlike that morning. And again we were met with some climbs of one to 1-1/2 miles.

The only items not appreciated were the freight trains making some late night runs (midnight the first night) near the dorms. And some heightened humidity. But on the whole, a good long weekend. I invite everyone to join LAB and take in one of their rallies.

CLASSIFIEDS

FOR SALE: Two bike roof racks. A bit aged with a bit of iron oxide, but still functional for that second car, or where cosmetics don't matter.

#1 - Barrecrafters Spoke Tote (BR-20) - Was last on a ’72 Capri (was necessary for structural integrity of auto). Connects to rain gutters (remember those?).

#2 - Convert-A-Porter (No. 1002) - Was last on a ’76 Datsun hatchback. Connected to an inverted rain gutter (designed to keep water on road from splashing your roof - never caught on).
Both carry two bicycles. Best offer or for-the-taking (before I’m forced to throw ’em out). Call Art Fovargue at 433-9247.

FOR SALE: Yakima Bike Rack. Accommodates both short and long roofs, holds two bikes, $100. Call Bill at 433-7154.

FOR SALE: Serotta Frame, 60LCM with a 60cm top tube. Titanium. Kestral fork. Call Marc at 269-8903 to work out a price.

FOR SALE: Cyclops trainer, like new, seldom used, $125. Call Hank Schiefer, 434-3581.

FOR SALE: Trek 8300 composite mtn. bike, rebuilt Manitou fork, RockRing, XT derailleur, $400 OBO. Answer Hyperlite bar-ends, 2 pair (med. & long), $20/pair OBO. Scott AT-4 mtn. bike handlebars, $10. Univega Aero road frame, approx. 58 cm, with front der., headset, stem, and bars, Best Offer. Assorted aluminum road rims for sew-up tires, Best Offer.

If interested, leave name, number, and best time to call @ 804-961-5967 and I’ll call you back.

WANNABES

Are you a C-pace rider (10 to 12 mph) who would like to become faster, smoother, and/or more efficient but you’re not really sure how to accomplish your goals? Then come out and join me on my rides. Together, we will work, train, and have a good time on our bikes and, hopefully, helping you meet your cycling goals. We will talk about some of the ways that may improve your riding skills and your speed - techniques that have worked for me and that I continue to use. We will share with each other our experiences and help each other to become better riders. The rides will start at a C-pace with a distance of about 10-15 miles. Periodically, during each ride, the speed will be increased for a short time. At later rides, the speed and/or distance will gradually increase (along with a more challenging terrain) based on the needs of the group. These rides are learning/training rides but also FUN rides and at no time will anyone be dropped. So come out, train, and learn with me. I promise that everyone will learn at least one new way to improve your cycling skills. Call me at 828-3599 for more information, like starting point.
